

The background of the cover is a collage of various floor tile samples. On the left, there are vertical strips of different colors and textures, including a light beige, a dark grey, and a black. The right side features larger rectangular tiles with various patterns and textures, such as a light grey with a grid pattern, a dark grey with a grid pattern, and a light grey with a diamond pattern. The overall aesthetic is modern and minimalist.

History

60 anni di storia

In occasione del nostro 60° anniversario, consolidiamo la nostra presenza come Gruppo Bardelli Spa: un ritorno alle origini, alla famiglia, con una strategia orientata al futuro, che combina la memoria storica, l'indiscussa competenza, l'esperienza tecnica e di design con l'intraprendenza delle nuove generazioni.

60 years of history

On the occasion of our 60th anniversary, we want to consolidate our presence as Bardelli Group Spa: back to the origin, back to the family, with a future-oriented strategy that combines the memorable history, the undisputed skill, the technical and design expertise with the entrepreneurial spirit of new generations.

Family

Il Board, la Famiglia, il Futuro

Il board attualmente è composto da Alberto Bardelli, Presidente, Gianmaria Bardelli e Gianandrea Bardelli, Amministratori Delegati, e Antonio De Marco, Direttore Generale. Specializzazione nel piccolo formato, investimenti in nuove tecnologie nella decorazione ceramica, flessibilità produttiva: sono gli obiettivi del nostro piano strategico di sviluppo

The Board, the Family, the Future

The Board of Directors is currently composed by Alberto Bardelli, Chairman, Gianmaria Bardelli and Gianandrea Bardelli, Managing Directors, and Antonio De Marco, General manager. Specialization in small formats, investment in new technologies for decorative ceramics, flexibility in production: these are the objectives of our strategic development plan.

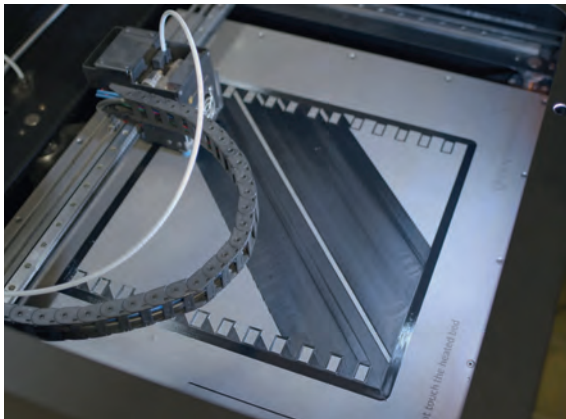

Qualità e Sostenibilità del Made in Italy

Una attenta selezione delle migliori materie prime del settore ci consente di valorizzare il modello dell'economia circolare sostenibile per ridurre l'impronta ambientale e sviluppare un quadro olistico di sostenibilità.

Quality and Sustainability of Made in Italy

A careful selection of the best raw materials in the field allows us to promote a sustainable circular economy to reduce our environmental footprint and develop a holistic sustainable strategy.

Innovation

Innovazione nella Tradizione

Ceramica Bardelli rappresenta un mix vincente di eccellenza qualitativa tipica del Made in Italy e soluzioni espressive di design visionario, dove il know-how aziendale viene messo al servizio di prestigiose collaborazioni con designer e architetti nazionali e internazionali.

Innovation in Tradition

Ceramica Bardelli represents a successful blend of quality excellence, typical of Made in Italy, and solutions that express visionary design, where the company's know-how is shared for prestigious collaborations with national and international designers and architects.

Design

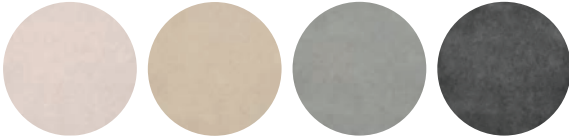

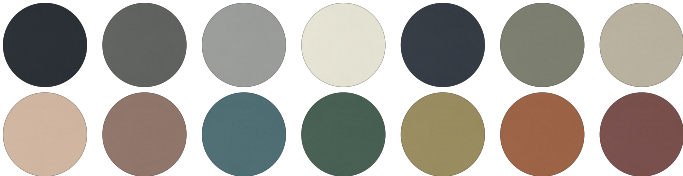

Creatività, ricerca e sviluppo

Design è rigore di progetto, scelta di modernità, modo di comunicare. Scegliere ceramiche di Design significa realizzare scenari fortemente connotati, caratterizzati da una rigorosa concezione dello spazio.

Creativity, research and development

Design is planning rigour, choice of modernity, it is a way to communicate. Using artistic ceramics means creating strongly accented scenarios, distinguished by a rigorous conception of space.

GIUNTI / JOINT SUGGESTION

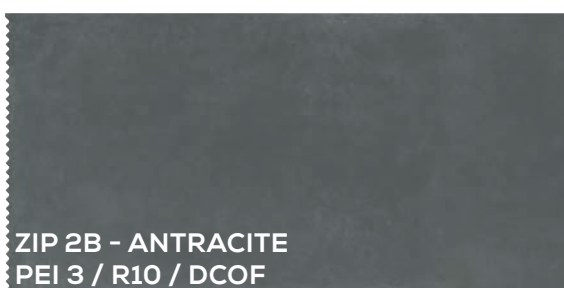

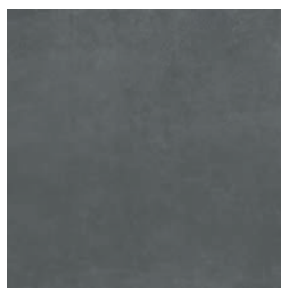

Collezione di piastrelle in gres porcellanato rettificato, adatta per un utilizzo a pavimento e rivestimento. Le piastrelle, nel formato 60x60 e 60x120 cm, sono disponibili nella versione base o con bordi sagomati. Entrambe si presentano in tre colori. Finitura opaca e texture uniforme, spessore 10 mm. Per garantire la modularità tra fondi e decori è necessario l'utilizzo di distanziatori da 2 mm procedendo ad una doppia operazione di stuccatura.

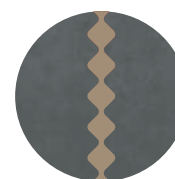

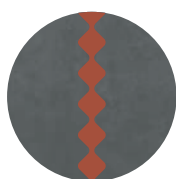

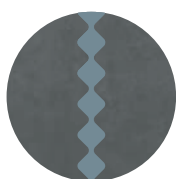

Collection of rectified glazed porcelain tiles, suitable for both floor and wall. Tiles are available with both plain and shaped edges, in the format 60x60cm and 60x120cm. Both versions present three different colors. Matt finish and uniform texture, 10mm thickness. In order to guarantee the modularity between the base and decors, it is necessary to use 2mm spacers, proceeding with a double grouting operation.

VISIT THE COLLECTION

Collezione di piastrelle da pavimento e rivestimento d'interni, in gres smaltato e rettificato, composta da quattordici colori opachi suddivisi in tre categorie - neutri, di fondo e di testa - e declinata in tre formati diversi. La scelta della tinta unita opaca è arricchita con una texture materica che richiama la trama di una tela stampata sulla piastrella. Tutti i formati di Pittorica, quadrato - 25x25 cm - rettangolare - 6x25 cm - e triangolare - 25x25x35 cm, spessore mm 10, sono compatibili tra loro, e consentono schemi decorativi articolati e creativi. La capacità decorativa di Pittorica viene esaltata dai nuovi formati rettificati, in grado di garantire soluzioni di posa a fuga minima.

A collection of indoor floor and wall tiles made of rectified glazed stoneware, including fourteen matt colours in three categories - neutral, background and accent colours, and available in three different sizes. The choice of solid matte is enriched with a textured texture that recalls the texture of a canvas printed on the tile. All Pittorica shapes and sizes, square 25x25 cm - rectangular 6x25 cm and triangular 25x25x35 cm, with a thickness of 10 mm - can be mixed and matched to permit complex, creative decorative schemes. The decorative properties of Pittorica are enhanced by the new rectified formats, which guarantee laying solutions with minimal joints for both floors and walls, bringing out the full, modern spirit of colour expressiveness.
